NEW MUSIC EXPECTED TO DRAW GOOD CROWD

Indications are that the new feature of genuine Hawaiian music to be put into effect tonight for the first time at the National Guard dance in the armory will attract a larger number of dancers than any of the enjoyable dances held to date. Music will be furnished by a five club of nine Hawaiians, who can produce music that is claimed to make good dancers of any who ever trod a dance floor. Dancing begins at 8 o'clock and will continue until midnight.

KILL COCKROACHES

Easy Matter to Exterminate These Filthy Pests.

Even a feeble imagination can think of the germs the cockroach must bring as it crawls around the kitchen and pantry, contaminating and spoiling food. Now is the time to kill off the cockroaches and free your home from the repulsive insects. A dozen cockroaches killed now is better than killing hundreds later.

A two-ounce box of Stearns Electric Paste, which you can get for 25 cents from any drugist, will rid your home of cockroaches or water bugs. It is much better than powders, as it can not blow away and get into the food. May be used as an absolute exterminator. Directions in 15 languages in every package.—Adv.

JAPANESE WILL HOLD EDUCATION MEETING AUG. 8

Japanese Educators From All Over Territory Will Convene in Honolulu Next Month

At a meeting held yesterday at the Japanese consulate the Honolulu members of the Japanese Educators' Association of Hawaii, composed of the Japanese school teachers in the territory, passed unanimously upon the plan to have the annual meeting of that body called here August 8 for the purpose of making further study into the important question of compiling new text books for use in the territory by the Hawaiian-born Japanese children who are privileged to become good and useful American citizens. The meeting will be attended by the Japanese school teachers from all parts of the islands.

A matter of the special interest in relation to the coming meeting, to the Japanese and Americans alike, is that it is to be presided over by Dr. Y. Haga, a professor in the Imperial University of Tokio, who is considered to be one of the foremost educators in Japan.

The service of Dr. Haga for compiling the new readers for the Japanese children in the territory has been retained by the earnest effort on the part of Mr. H. Arita, the former acting consul-general for Japan here, in behalf of the school teachers. The plan was progressing smoothly until the Japanese press in Tokio voiced a fierce criticism against the proposed change in the text book, holding that any change along the lines proposed makes the Japanese children disloyal to Japan. The attack was only the result of the lack of proper knowledge as to the real condition in Hawaii of the Japanese, and carried little weight.

STIFF SENTENCE FOR CONVICTED BURGLAR

Circuit Judge Ashford's Saturday morning "matinee," which has become a feature of court life since the grand jury has been in session, saw the disposal today of the case of Natale Rodriguez, who was indicted on a charge of first degree burglary. It was alleged that Natale entered the house of one Samuel Ferreira, and the defendant pleaded guilty. The court sentenced him to spend not less than three years at hard labor in Oahu prison and pay the costs of the court.
